Leeches.

Tis strange, indeed, in times like these, How many show their feeling Of "gently o'er me sterling" One man goes prating, long and loud, About our "bleeding nation!" But while the soldiers gape around, He robe them of a ration!

Another's oldest brother went To school with Mr Lincoln's, To show his lave of country, he Would furnish it with tin cons! He'd like to cup . ld Uncle Sam. And try that six is of blending; This horrible secreting!

Aunther want's a suiler's berth, \$1.00 To fight he inti't able. 2.00 And so he'd like to do his share By menishing the rable. He cloves the dest old country's fig. And Yunker Dudle Dandy ?" And so he shows his love for them By selling poisoned brandy,

> Go where you choose, look where you wi You'll find these semed leeches; In church, in Congress, on the stump, A naking Union speeches;

R and har-room fires, these chilly nights, They drink their showy toddy; While shiver shiver in the campa The men they clothed in shorldy,

[Correspondence of the Jasper Courier.] Letter from a Dubois Volunteer . CHATTANOCGA, Teon. Nov. 18, 1868

EDITOR COURIER: - My last commun-Were east corner McDonald and nication for the Courier was dated some time in August, at Decherd's station. Two regiments have been raised for he Federal army in Arkanese.

The State of Louisiana

most in a suffering condition. This or two since, and this the people have to be or a new State with a new constitution. There is a loud outery of abo itionists against It is enough to touch the sympathy that they have prepared a conscript law, by old pro-slavery constitution of Louisians " of any man, to travel through the sun- which the rich man's money is put against The attempt is made to convey to the public ny Scruth, and observe the wanton and his mill ary service in money and the poor Louisians resume her status in the Union as the old state of Louisians, desire it heto see women and little children suf- their pockets by making merchandise out of penns and little children suf- the health and blood of our noble soldiers. ject of slavery, recognizing, establishing, or are the leaders of this wicked rebel- many instances, raining his he lih and de day the law of that State, above all other well-merited reward in the "lake that that they have violated the Constitution and sense of the word "pro slavery." The state of the word "pro slavery." The state of slavery in L nisings is not dependent the law, and the rights of the citizen and tem of slavery in L nisians is not dependent on the constitution at all. The subject is fields of a southern clime. The fires that they have trampled upon the rights of who, by their ordinary channels of legislasides, around which once assembled the States and the people most shamefully tive action, may, if they choose, provide for happy families, living in peace and by interfering with the elective franchise, its removal or modification. It is in the

> "no soldier, seaman, or marine in the army, cals down there against the "pro-slavery constitution," as they call it, and they probably desire to force an abalition constitution

At the pr sent time the city of New Orleans is governed with a full recognition of he constitution of 1852 as an existing instrument. All the courte of civil and criminal jurisdiction in the city are dependent on hat constitution for their power. If there is such a crime as murder, such a process as the foreclosure of a morigage, or an action for the coffection of debt-if there are any remedies or anfeguardo for property or person by the interposition of the courts of law these are wholly due to the present existing welld sy of the Constitution of 1852, and Farmers who burcher their own wock - the fact that Louisians is to day a State, in that is, the stock they have raised and far. the United States, by that Constitution. for each hog, and three cents for each sheep, do anything against law. But our readers should know the facts in cases like this, and therefore we aspre them, that notwithstanding the louf outcry of abolitionists against the old "pro slavery" Constitution of Louisiana, and against those who wish to bring the State into the Union under it there is necessary exp. nses of getting up said re outcry of the abolitionists in therefore intended to deceive, and, tike a great deal else that they co. unfounded in reason or in truth .- [New York Journal of Commerce.
